Staff Corner

Dr. Suha Naush

Physical Education Teacher

My name is Dr. Suha Naush. I was born and raised in Baghdad, Iraq.

I graduated from the University of Baghdad with a PhD in Sports Medicine and Fitness in 2014. Prior to my graduation, I taught and trained Gymnastics, Volleyball, Basketball, Swimming, Track & Field, and Soccer. I also have a certificate in Medical Assisting with Phlebotomy. My degrees allow me to train students for fitness as safely as possible. I have been at Noor Academy of Arizona since 2017. I have always loved the Islamic environment and attitudes of this school. I teach P.E. for KG-8th and Computer Science for 1st-8th grade. My goal as a teacher is to make sure my students always walk away with useful knowledge at the end of the day. I find that it's very important to establish a good relationship with all my students. I want them to feel comfortable with fitness and taking care of their bodies. By teaching my students sports and skills, it allows them to find an interest that they can pursue. I truly believe that it's important for kids to use their energy wisely to promote their health. I want my students to see my lessons as exciting and a way to get rid of any stress they are feeling.

Student Corner

Mohamad Halim

He is a kindergarten student that loves his teachers and classmates. Not only does he enjoy going to school, it also helped him realize what he wants to be in the future, "I want to be a police officer when I grow up". He loves his family and is a very bright student here at Noor Academy. Inshallah things only get better from here!
